

Aluminum Alloy Ladder Cable Tray Supplier

AI Overview

Top manufacturers of aluminum alloy ladder cable trays include NewReach, EAE Electric, ATKORE, Chalfant Manufacturing, and Superfab Cable Trays, offering durable, lightweight, and corrosion-resistant solutions. Leading Manufacturers and Their Offerings

1. NewReach NewReach specializes in aluminum cable trays and ladder systems made from high-performance aluminum alloys such as 6063. Their trays are lightweight, corrosion-resistant, and designed for high loading capacity, making them suitable for industrial and coastal environments. They provide excellent electrical conductivity, prevent cable overheating, and are non-magnetic, which is ideal for data centers. NewReach trays feature a 1.5 safety factor and can support additional concentrated loads, ensuring stability and durability.
2. EAE Electric EAE Electric offers aluminum cable ladders and trays that combine high strength, flexibility, and lightweight design. Their products are corrosion-resistant, suitable for indoor and outdoor applications, and provide high load capacity for dense cable transitions. Aluminum trays from EAE are eco-friendly, fire-resistant, and maintain performance even in saltwater environments. They are easy to install and reduce labor costs due to their lightweight structure.
3. ATKORE ATKORE's aluminum ladder trays use a C-Channel Swage design, where tubular rungs are cold-swaged to side rails, ensuring superior mechanical and electrical connections without heat treatment. These trays are UL-classified, meet NEMA VE-1 standards, and are ideal for high-vibration environments. Their design allows maximum ventilation for cables and easy future access for adding or removing cable runs.
4. Chalfant Manufacturing Chalfant provides ladder cable tray systems with screwless connections and multiple finishes for indoor and outdoor use. Their Series 6 system includes covers, bends, in...
