

Anning Stainless Steel Cable Tray

AI Overview

Stainless steel cable trays, including those from Anning, offer durable, corrosion-resistant solutions for industrial and commercial cable management. Material and Construction Anning stainless steel cable trays are typically manufactured from high-quality 304 or 316 stainless steel, providing excellent resistance to corrosion, wear, and harsh environmental conditions. They are available in light, medium, and heavy-duty ranges, making them suitable for a wide variety of cable loads and industrial applications. The trays are designed for secure and organized cable support, ensuring long-term reliability in demanding environments. Sizes and Configurations These cable trays come in a variety of standard widths, including 50mm, 75mm, 100mm, 150mm, 225mm, 300mm, 450mm, 600mm, 750mm, and 900mm. They can be configured using a full range of couplers, bends, tees, and risers, allowing flexible routing for complex cable installations. Both solid and perforated tray designs are available, providing options for ventilation and heat dissipation. Applications Anning stainless steel cable trays are suitable for industrial, commercial, and specialized sectors, including oil and gas, petrochemical, marine, offshore, nuclear, food processing, and heavy industry. They are ideal for indoor and outdoor installations, including ceilings, walls, floors, rooftop setups, and raised floors. Stainless steel trays are particularly recommended for corrosive or hygienic environments, where durability and resistance to chemical exposure are critical. Standards and Compliance These cable trays comply with international standards such as DIN EN 61537, IEC, NEMA, and local cabling standards, ensuring safe and reliable cable management. They are designed to support LV-HV cables, data, control, and instrumentation wiring, providing interference-free routing in sensitive environments. Benefits Corrosion and wear resistance for long-term durability Flexible configurations for complex cable routing Wide range of sizes to accommodate differ...
