

Are galvanized cable trays in Vietnam cheap

AI Overview

Hot-dip galvanized cable trays in Vietnam currently range in price depending on type, size, and supplier, with updated listings available as of May 2026. Pricing Overview The cost of galvanized cable trays in Vietnam varies based on material, coating, and configuration. Hot-dip galvanized trays, which are coated with zinc for superior corrosion resistance, are generally priced higher than electro-galvanized or powder-coated alternatives. According to recent updates from Quan Pham Industrial Electrical Equipment Co., Ltd, the latest hot-dip galvanized cable tray price list (May 2026) is available for reference, and prices can be obtained directly from suppliers for specific dimensions and load capacities. Supplier Options Several manufacturers and suppliers in Vietnam provide galvanized cable trays: Jeetmull Jaichandlall (P) Ltd. offers a variety of sizes, shapes, and configurations, emphasizing high-quality finishing and durability for industrial and commercial applications. Brilltech Engineers and other local suppliers provide hot-dip galvanized trays designed for corrosion resistance, proper ventilation, and easy installation, suitable for power plants, construction projects, and industrial facilities. Online platforms like Alibaba Vietnam list multiple cable tray manufacturers, allowing buyers to compare prices and request quotes directly. Factors Affecting Price Material and coating: Hot-dip galvanization is more expensive than electro-galvanized or powder-coated finishes. Tray type: Ladder, perforated, or solid-bottom trays have different costs. Dimensions and load capacity: Larger trays or those designed for heavy-duty applications cost more. Quantity and supplier: Bulk orders may reduce unit price, and different suppliers may offer competitive pricing. Recommendations For accurate pricing, it is advisable to contact suppliers directly with your project specifications, including tray type, dimensions, a...
