

Are there any fiber optic communication companies in Ireland

Overview

All fibre providers, including Digiweb, eir, Pure Telecom, Sky, Virgin Media, and Vodafone offer superfast broadband, but availability depends on where you live and whether full fibre broadband to the home has rolled out in your area. open eir is a leading telecommunications service provider in Ireland that offers high-speed fibre broadband services. With a focus on expanding its extensive fibre network, the company aims to enhance internet access, particularly in rural areas, by connecting homes and businesses to speeds of up to 1Gbps. To help you choose the right fibre broadband provider and package for you, we've listed in the tables below some of the broadband deals offered by our featured choices. We make it easy to view the latest broadband packages from Ireland's top providers, and pick the right deal for your home. Compare Broadband Digiweb offers reliable, full fibre and part fibre broadband 12 month contracts with. We are building our full fibre network across all 26 counties of Ireland.
