

Australian U-shaped steel cable tray company

AI Overview

EzyStrut, Burndy CSS, and McArdent are leading Australian manufacturers offering high-quality U-shaped steel cable trays with customization options. Key Manufacturers

EzyStrut EzyStrut is one of Australia's most prominent cable tray manufacturers, offering a wide range of products including ladder trays, solid-bottom trays, and U-shaped steel trays. Their trays are made from pre-galvanized or hot-dip galvanized steel, and aluminium options are also available. EzyStrut provides custom solutions for high-volume or specialized projects, ensuring compliance with Australian standards such as AS4680:2006. Their products are widely used in mining, telecommunications, and construction sectors due to their durability and ease of installation.

Burndy CSS (Cable Support Systems) Burndy CSS specializes in cable management systems designed for extreme conditions, including high temperatures and corrosive environments. They manufacture standard and custom U-shaped steel trays suitable for industrial applications like oil and gas, mining, and power generation. Burndy CSS emphasizes long-lasting performance and compliance with Australian regulations, offering flexible installation options and robust support systems.

McArdent (Mc Steel Cable Management Solutions) McArdent provides a comprehensive range of cable management products, including perforated and solid U-shaped steel trays. Their trays are available in hot-dip galvanized, pre-galvanized, stainless steel (SS304 and SS316), aluminium, and powder-coated finishes. McArdent products are certified to UL, CE, CUL, and ISO 9001 standards, and they offer full customization to meet specific project requirements. They also supply all necessary fittings, clamps, and supports for complete cable management solutions.

Considerations for Selection When choosing a U-shaped steel cable tray manufacturer...
