

Bolivian optical cable pulling manufacturer

AI Overview

TLC S.R.L. and Cablebol S.A. are key Bolivian companies involved in fiber optic and cable solutions, including cable pulling equipment and related services. TLC S.R.L. (Telecomunicaciones Bolivia) is a Bolivian company specializing in fiber optic networks. They have a team with approximately 10 years of experience in fiber optic installation and maintenance, making them competent in designing and deploying FTTX networks, corporate rings, institutional networks, and video surveillance networks. TLC S.R.L. operates offices in La Paz, Cochabamba, and warehouses in El Alto, and they provide nationwide delivery and service coordination. Their equipment includes modern cable pulling tools and materials suitable for professional fiber optic installations. Cablebol S.A. is another prominent Bolivian company, known for producing electrical and telecommunication wires. They hold ISO 9000 certification, ensuring quality standards in their products. While primarily focused on wires and cables, Cablebol supports the local telecom infrastructure and may provide complementary equipment for cable installation projects. For specialized cable pulling equipment, international suppliers often serve the Bolivian market. Companies like those listed in global fiber optic equipment reports provide portable and table-mounted cable pullers designed for fiber optic cables, accommodating industry-standard sheaves and ensuring minimal strain during installation. Local distributors may import these tools to Bolivia, offering competitive pricing and technical support. For optical cable pulling in Bolivia, TLC S.R.L. is the most directly involved in fiber optic network installation and equipment, while Cablebol S.A. provides high-quality cables and related materials. For advanced or specialized cable pullers, international manufacturers' products are often available...
