

Cable tray elbow fixing bracket

Overview

These brackets are securely fixed to the wall or ceiling using a supporting flange, providing a stable and reliable platform for the cable tray system. They come in various designs, including L-brackets, U-brackets, and cantilever arms. Common cable tray fittings include cable tray elbows, tees, crosses, bends, risers, reducers, bolts and nuts, locks, expansion screws, supporting brackets, suspension rods, cross arms, bases, connecting plates, covers, fixings, cable cleats, and system dividers. They offer an alternative to open wiring or electrical conduit systems and are necessary for cable management in commercial and industrial construction, as well as. Cable trays are components used in the wiring of buildings to support insulated cables and organise them to be hidden from view. At ChannelandTray, we offer a comprehensive range of cable tray accessories designed to enhance the functionality and durability of cable.
