

Cable tray installation in Sri Lanka

AI Overview

For durable and reliable cable tray installations in Sri Lanka, top manufacturers like Bianco, C&D Electrical, CEYLEKTRA, and East Link offer high-quality trays suitable for industrial, commercial, and data/telecommunication applications.

Leading Cable Tray Manufacturers

- Bianco:** Offers a wide range of cable trays in mild steel, stainless steel, and aluminum, suitable for indoor and outdoor use. Their products are designed for corrosion resistance and structural integrity, making them ideal for industrial and commercial projects.
- C&D Electrical:** Known for durable and flexible cable trays, suitable for power generation, telecommunications, and construction sectors. They provide a variety of trays and accessories to meet diverse project requirements.
- CEYLEKTRA:** A local Sri Lankan brand offering hot-dip galvanized and powder-coated trays and ladders. These products comply with international standards, providing excellent corrosion resistance and mechanical strength for harsh environments.
- East Link:** Supplies ISO 9001:2015 certified cable trays and ladders in hot-dip galvanized, steel, aluzinc, and aluminum alloy options, specifically designed for data and telecommunication systems.

Material and Design Considerations

High-quality cable trays in Sri Lanka are available in:

- Hot-dip galvanized steel:** Offers superior corrosion resistance and long-term durability, ideal for outdoor and industrial environments.
- Powder-coated steel:** Provides a smooth, aesthetically pleasing finish for indoor installations while maintaining strength and protection.
- Aluminum and aluzinc alloys:** Lightweight, corrosion-resistant options suitable for specialized applications like data centers and telecommunication hubs.

Installation Benefits

- Durable support:** Ensures heavy cables are securely held, reducing the risk of damage.
- Organized layout:** Keeps wiring systems tidy, improving accessibility for maintenance and future upgrades.
- Flexible design:** Adapts to complex layouts and project-specific requirements.
- Compliance with standards:** Many trays meet EN 61537 and ISO 9001:2015 standards.
