

Complete List of Fiber Optic Cable Trays and Prices

AI Overview

Fiber optic cable trays vary in price depending on material, type, and supplier, with options ranging from ladder, solid-bottom, trough, to wire mesh trays.

Overview of Fiber Optic Cable Trays

Fiber optic cable trays are essential for organized cable management, supporting and protecting fiber optic and high-performance copper cabling in data centers, commercial buildings, and industrial facilities. They are typically made from steel, aluminum, or fiberglass, and come in several types:

- Ladder Trays:** Robust design with rungs supporting heavy-duty cables, ideal for industrial applications.
- Solid-Bottom Trays:** Provide complete protection from dust and debris, suitable for sensitive fiber cables.
- Trough Trays:** Combine features of ladder and solid-bottom trays, offering moderate protection and ventilation.
- Wire Mesh Trays:** Lightweight with excellent ventilation, ideal for heat-sensitive environments.

Pricing Information

Pricing varies based on material, size, and configuration. While exact prices fluctuate by supplier and order quantity, general ranges include:

- Alibaba:** Offers customizable fiber optic cable trays with prices depending on material and dimensions. Ladder and solid-bottom trays are commonly listed, with bulk orders often reducing per-unit cost.
- Fiber Savvy:** Provides a comprehensive tray system for data centers and enterprise applications, including channels, transitional fittings, and support structures. Pricing is competitive and can be obtained by contacting their sales team directly for quotes.
- Primus Cable:** Similar to Fiber Savvy, offering flexible fiber cable tray systems with tool-free assembly. Pricing is available upon request, often tailored to project size and configuration.
- Mouser Electronics:** Lists fiber optic trays with inventory, datasheets, and pricing for immediate purchase, suitable for smaller-scale or replacement needs.
