

Cost of Chinese Horizontal Cable Trays

AI Overview

Chinese horizontal cable trays typically range from \$10 to \$150 per meter, depending on material, size, and customization options.

Price Overview

The cost of horizontal cable trays from China varies widely based on material, dimensions, load capacity, and surface treatment. Common price ranges include:

- Galvanized Steel Cable Trays:** \$10-\$50 per meter for standard ventilated or perforated trays suitable for indoor or light industrial use.
- Stainless Steel (SS304/SS316) Trays:** \$50-\$150 per meter, offering superior corrosion resistance for outdoor or harsh environments.
- Aluminum Cable Trays:** \$30-\$80 per meter, lightweight and corrosion-resistant, often used where weight is a concern.
- Fiberglass Reinforced Plastic (FRP) Trays:** \$40-\$120 per meter, non-conductive and ideal for chemical or offshore applications.

Factors Affecting Cost

Material and Finish: Hot-dip galvanized trays are more expensive than pre-galvanized or electro-galvanized options due to superior corrosion protection.

Tray Type: Ladder, perforated, wire mesh, and solid-bottom trays differ in manufacturing complexity and ventilation, affecting price.

Dimensions: Width, depth, and side rail height influence material usage and cost. Standard widths range from 100mm to 1000mm.

Customization: OEM or custom lengths, wall-mounted or suspended designs, and special fittings (tees, elbows, reducers) increase cost.

Volume: Bulk orders often receive discounts, making wholesale purchases more cost-effective.

Purchasing Tips

Factory Direct or Verified Suppliers: Buying directly from Chinese manufacturers on platforms like Alibaba or Made-in-China can reduce costs.

Check Certifications: Ensure trays meet electrical and safety standards for your region.

Consider Accessories: Include connectors, brackets, and fasteners in the total cost estimate.

In summary, expect to pay \$10-\$150 per meter for Chinese horizontal cable trays, with the final price determined by material, size, finish, and customization requirements. For large projects, requesting quotes from multiple su...
