

Customized Anti-corrosion Cable Tray Manufacturer in Canada

AI Overview

Top Canadian manufacturers of anti-corrosion cable trays include Unitray, Superior Tray, Abnex, and Niedax CER, offering aluminum and CSA-approved corrosion-resistant solutions. Leading Manufacturers Unitray is a prominent Canadian manufacturer specializing in aluminum cable trays, which are naturally resistant to corrosion. They produce CSA-approved Class C, D, and E cable trays in standard lengths of 3m, 5m, and 6m, suitable for industrial, mining, and energy projects. Their products are engineered for durability and long-term performance in harsh environments, and they maintain ISO 9001, ISO 14001, and OHSAS 18001 certifications to ensure quality and safety standards. Superior Tray offers a wide range of cable management solutions, including steel and aluminum trays with ladder, solid bottom, and perforated designs. Their products are designed for both commercial and industrial applications, emphasizing durability and flexibility to withstand challenging environmental conditions. Abnex, a joint venture between ABB and Niedax Group, provides innovative cable management systems with a focus on safety, efficiency, and corrosion resistance. Their T&B® Cable Tray line is manufactured in Canada, offering local engineering support and customized solutions for specific project requirements. Niedax Canadian Electrical Raceways (CER) manufactures a comprehensive range of CSA-approved cable trays, ladders, and basket trays. Their products are designed for practical, cost-effective, and corrosion-resistant installations, making them suitable for industrial, commercial, and infrastructure projects across Canada. Product Considerations Material: Aluminum trays are preferred for anti-corrosion properties, while coated steel trays offer additional protection in aggressive environments. Tray Types: Ladder, perforated, so...
