

Distribution box protection

AI Overview

Local manufacturers offer a range of distribution boxes with IP-rated, explosion-protected, and customizable enclosures for industrial and residential applications. Key Local Manufacturers and Offerings

1. Atex Delvalle Atex Delvalle specializes in explosion-protected distribution boxes and local control stations, suitable for hazardous areas. Their products are made from stainless steel AISI 304L or 316L, ensuring durability in extreme temperatures and outdoor conditions. They provide custom-made enclosures, including motor starters, switches, and grounding devices, with ATEX and IECEx certifications for safety in explosive environments. Their control stations are fully configurable to meet specific operational requirements.
2. VIOX Electric VIOX offers high-quality ABS and stainless steel distribution boxes with IP-rated protection against dust and water. Their enclosures are designed for industrial, commercial, and residential applications, featuring quick-access panels, modular components, and flame-retardant materials. VIOX emphasizes user-friendly designs for easy maintenance and inspection, with options for corrosion-resistant stainless steel (201, 304, 316 grades) for harsh environments.
3. Selhot Electric Selhot provides IP65/IP67 waterproof distribution boxes made from UV-resistant PC/ABS materials. They offer custom knockouts and CE/TUV certifications, making them suitable for outdoor and industrial installations. Their factory-direct approach allows for tailored solutions to meet specific wiring and protection requirements.
4. SinoBreaker SinoBreaker manufactures waterproof distribution boxes with IP65-IP68 ratings, suitable for outdoor and industrial use. They offer plastic and DIN rail configurations, with options for compact AT Series or larger HT Series enclosures. Their products are designed for long-term reliability, protecting terminals, splices, and modules from water, dust, and UV exposure.

Material and Protection Considerations Materials: ABS, polycarbonate, stainless steel (304/316), GRP (glass-r...
