

Fangzheng Cable Tray Price Inquiry

AI Overview

Fangzheng cable trays typically range from \$2 to \$25 per meter, depending on material, type, and finish. The cost of Fangzheng cable trays varies based on several factors:

- Material and Finish:** Galvanized steel is the most common, offering a balance of durability and cost, while stainless steel is more expensive due to corrosion resistance. Aluminum trays are lightweight but pricier, and plastic trays are budget-friendly but suitable only for light loads. Coatings like hot-dip galvanization (HDG) or powder coating also affect the price, with HDG being more durable and costly.
- Tray Type:** Ladder trays generally cost more than perforated or wire mesh trays because they support heavier cables. Light, medium, and heavy-duty trays have different price points, with heavy-duty options being the most expensive.
- Length and Volume:** Standard lengths are often 2–3 meters, and bulk orders can reduce the per-meter cost by 20–30%. Custom sizes or specialized fittings may increase the price.
- Additional Costs:** Shipping, installation, and labor can add to the total cost, especially for heavy or long trays. Couplers, bolts, and other accessories are sold separately and should be factored into the budget.

For an accurate quote, it is recommended to contact Fangzheng suppliers directly or request a factory quote, as prices fluctuate based on order size, material specifications, and regional factors.
