

Fireproof reinforced cable tray manufacturer

AI Overview

Leading manufacturers of fireproof cable trays include Meka Pro, HERMI Solutions, Flamro, NewReach, and Basor Electric, offering certified, high-quality fire-resistant systems for industrial and commercial applications. Key Manufacturers and Their Offerings

Meka Pro provides over 1,200 fire-tested cable management products designed to maintain electrical supply during fire events. Their systems comply with EN 1363-1 standards and are made from fire-resistant materials that minimize toxic fumes. Meka Pro emphasizes proper installation by qualified personnel to ensure safety and compliance with international norms.

HERMI Solutions specializes in E90 fire-resistant cable trays for constructing fire-resistant cable paths. They offer both standard and lightweight cable paths suitable for surface cable laying, with expert guidance available for selecting the right solution.

Flamro offers fire protection coatings and tapes, such as FLAMMOTECT-A and DG-CR 0.7, which enhance cable resistance to fire and environmental factors like UV, moisture, and chemicals. Their solutions are widely used in high-rise buildings, hospitals, airports, industrial plants, and nuclear facilities.

NewReach manufactures fire-rated cable trays using premium materials like stainless steel, galvanized steel, tempered glass, and fire-resistant polyester fiberglass. Their trays are coated with specialized fire-resistant powder, tested to ISO 834-1, EN 1363-1, DIN 4102-12, and AS/NZS 3013:2005 standards, offering up to a 2-hour fire rating at 1050°C. They are designed for heavy loads, clear rescue routes, and non-toxic performance.

Basor Electric focuses on maintaining circuit integrity during fire events. Their cable trays undergo rigorous fire resistance testing to ensure critical installations, such as emergency lighting and fire alarms, remain functional. They follow European and international standards to verify perfor...
