

French Modular Technology Pearl Gloss

Overview

The PEARL Gloss Gel is a strong-setting modeling gel with a reflective mother-of-pearl gloss effect. It is particularly suitable for sleek looks. For this, you can work the gel into the hairline in particular. Depending on the building location and local atmospheric influences, the shades are available in the following qualities: “standard weather-resistant and highly weather resistant pearl mica shades. Indoor and outdoor applications. BEECK pearl gloss Gold/Silver is adjusted for a semi-washed finish and develops an iridescent metallic and pearl gloss when applied in multiple, extremely thin coats. Can be applied on a variety of high-bonding substrates such as lime plaster, gypsum stuco. Every NYT Connections puzzle ever published is listed here, organised by date, with all four category groups and their sixteen words. In NYT Connections, you find four groups. Each surface—Glossy, Satin (Lustre), Pearl, and Silky—has unique properties that enhance different photography styles.
