

Gabon butterfly optical cable manufacturer

AI Overview

Gabon currently relies primarily on imported fiber optic cables, with local deployment handled by service providers rather than domestic manufacturers. Local Service Providers Axione Gabon is a subsidiary of Axione, focused on deploying fiber optic networks in Gabon, including FTTH and FTTX solutions, but does not manufacture cables locally. Africa Offshore Services and Engineering Works Plc (AFOSE WORKS Plc) provides optical fiber deployment, installation, splicing, and testing services across Gabon and neighboring countries, supporting both aerial and underground networks. These companies handle installation and network integration but typically source cables from international manufacturers. Import Market Gabon imports the majority of its optical fiber cables, including Butterfly-type cables, from countries such as China, France, Morocco, Sweden, and Turkey. In 2024, Gabon imported approximately \$2.46 million worth of optical fibers and cables, with China supplying the largest share (\$1.8M) and France contributing \$610k. **International Manufacturers For Butterfly optical cables, companies like OMC Cable in China offer custom fiber optic solutions suitable for Gabon's network needs. OMC Cable provides: FTTH drop cables, indoor/outdoor fiber cables, and hybrid cables Customizable fiber counts, core/cladding diameters, and cable jackets (PVC, LSZH, armored) Pre-terminated connector options (SC, LC, ST, MPO) Compliance with CE, ROHS, and CPR standards OMC Cable has experience supplying telecom operators and ISPs globally, making it a viable source for Butterfly optical cables in Gabon. Market Outlook The Gabon fiber optic cable market is growing steadily, with a CAGR of 11.54% in recent years. The market is moderately concentrated, indicating opportunities for both imported cables and local deployment services. Summary No...

GEKA Telecom

Achievements Home We invite you to explore some concrete examples of projects we've carried out in various countries. Discover the diversity of our achievements through detailed case studies

Optical Fibre Cable

Used for high speed communications, optical fibres offer huge advantages in speed, bandwidth capacity and security. Jubatus offers OPGW, ADSS and standard OFC in fibre counts from 2 to 400+.

Butterfly Flat FTTH Drop Cable

Compared to common indoor fiber cables, this butterfly flat indoor cable has a much greater bandwidth to carry data and is less susceptible to interference. It has the

Optical fiber cable

ZTT is a leading global manufacturer of outdoor optic fiber cable systems, providing comprehensive solutions for telecommunication applications worldwide. With a

OEM & ODM Manufacturer for Fiber Optic Cable & Fiber Optic

Abalone Technology Group (Abalone) is a leading manufacturer and supplier of fiber optic cables, passive components and accessories used in telecommunications and data networks

gabon-fiber-optic-connector-factory Manufacturer/Producer

ETK Kablo is a leading Turkish manufacturer of fiber optic cables and low-voltage communication cables, supplying high-quality solutions to more than 120 countries worldwide.

African Gabon project buried optical cable procurement

In this project, GL Optical Cable Products have won the full recognition of customers with good technical indicators, reliable product quality and flexible product
