

German cable tray prices and specifications

AI Overview

German cable trays typically range from €20 to €150 per meter, depending on material, type, and manufacturer.

Price Range by Material and Type

- Galvanized Steel Cable Trays:** Often the most cost-effective option, prices generally start around €20–€40 per meter for standard ladder or perforated trays, offering durability and low maintenance.
- Aluminum Cable Trays:** Lightweight and corrosion-resistant, these trays usually cost €40–€80 per meter, depending on thickness and load capacity.
- Stainless Steel Cable Trays:** Premium option for harsh environments, prices can range from €80–€150 per meter due to higher material costs and corrosion resistance.
- Plastic or Halogen-Free Trays:** Used in specialized applications, these can cost €30–€70 per meter, offering chemical resistance and lightweight installation.

Factors Affecting Cost

- Tray Type:** Ladder trays, perforated trays, and solid-bottom trays differ in manufacturing complexity and price. Ladder trays for heavy power cables are generally more expensive than simple perforated trays.
- Load Capacity and Size:** Wider trays or those designed to carry heavier cables cost more. Custom dimensions or modular systems may increase the price.
- Standards Compliance:** Trays meeting DIN EN 61537 or international standards may carry a premium due to quality assurance.
- Manufacturer and Brand:** Leading German manufacturers like Pohlcon, Duelco, and Bayka offer high-quality, durable trays, which may be priced higher than generic suppliers.
- Bulk Orders:** Ordering larger quantities often reduces the per-meter cost, with some suppliers offering discounts for orders over €500 or €1000.

Additional Considerations

- Installation costs** are separate and depend on mounting complexity and labor.
- Shipping** within Germany or internationally may add to the total cost, especially for heavy steel trays.
- Galvanized trays** are recyclable and sustainable, wh...
