

How much does anti-corrosion cable tray cost in Israel

AI Overview

Anti-corrosion cable trays in Israel typically range from \$0.80 to over \$76 per unit depending on material, size, and bulk order quantities.

Material Options and Corrosion Resistance

Anti-corrosive cable trays are designed to withstand harsh environments and extend the lifespan of electrical systems. Common materials include:

- Galvanized Steel:** Coated with zinc, suitable for mild corrosion environments such as office buildings or urban areas. Offers cost-effective protection and easy installation.
- Aluminum Alloy:** Lightweight and resistant to mild chemical exposure, ideal for low to moderate corrosion risk settings.
- Stainless Steel (SS 304):** Provides superior resistance to moderate to severe corrosion, commonly used in industrial, marine, or chemical environments.
- Fiberglass Reinforced Plastic (FRP):** Highly resistant to severe corrosion, suitable for chemical plants, coastal areas, or outdoor installations.

Price Ranges

Based on current market data:

- B2B Bulk Orders:** Prices range from \$0.80 to over \$76 per unit, depending on tray type, material, and size.
- Retail/Small-Scale Orders:** For smaller quantities or consumer-grade trays, prices typically range from \$15 to \$34 per unit.

Custom or Specialized Anti-Corrosive Trays: Stainless steel or FRP trays for high-risk environments may command higher prices due to material and fabrication costs.

Suppliers in Israel

Several suppliers provide anti-corrosive cable trays in Israel:

- Brilltech Engineers Pvt. Ltd.:** Offers galvanized steel, stainless steel, and fiberglass trays with installation support and system design assistance.
- Vashi Integrated Solutions:** Supplies perforated, ladder, unperforated, and mesh cable trays with various coatings suitable for industrial and infrastructure projects.

Local distributors and international manufacturers such as Schneider Electric, Eaton, and Legrand also supply bulk orders for commercial and industrial projects.
