

How much does steel cable tray cost in Bhutan

AI Overview

Steel cable trays in Bhutan typically range from USD 15 to USD 80 per meter, depending on material, size, and finish.

Cost Overview

The price of a steel cable tray in Bhutan varies based on several factors:

- Material Type:** Mild steel trays are generally more affordable, while stainless steel or powder-coated trays cost more due to corrosion resistance and durability.
- Tray Type:** Ladder, perforated, and basket trays differ in design complexity. Basket and perforated trays often cost more than simple ladder trays.
- Dimensions:** Width, height, and thickness significantly affect cost. For example, trays with widths from 40mm to 1000mm and thicknesses from 1.2mm to 6mm are available, with larger or thicker trays priced higher.
- Finish:** Galvanized, hot-dip, powder-coated, or stainless steel finishes influence pricing. Stainless steel (SS 202/304/316) and hot-dip galvanized trays are at the higher end of the price spectrum.
- Customization and Quantity:** Custom sizes or bulk orders may reduce per-meter cost, while small or highly specialized orders may increase it.

Typical Price Range

- Mild Steel Cable Trays:** Approximately USD 15–30 per meter.
- Galvanized or Powder-Coated Steel Trays:** Around USD 25–50 per meter.
- Stainless Steel Cable Trays:** Typically USD 50–80 per meter, depending on grade and thickness.

How to Get Accurate Pricing

Since prices can vary by supplier, shipping, and local taxes in Bhutan, it is recommended to:

- Contact local suppliers such as Kiash Electricals or Brilltech Engineers for quotes.
- Specify tray type, dimensions, and finish to receive precise pricing.
- Consider shipping and installation costs, especially if importing from India or other countries.

By providing these details, suppliers can offer a customized quote that reflects the exact cost for your project in Bhutan.
