

Huijue Company Optical Module

AI Overview

Yes, Huijue Information (Huijue Group) is involved in the production of optical components, including optical modules. Huijue Group, founded in 2002 and headquartered in Shanghai, China, is a high-tech company with diversified operations in energy storage, photovoltaic systems, and communication equipment. While the company is widely recognized for its energy storage solutions and photovoltaic modules, it also operates in the optical communication sector. Huijue has established a dedicated optical communication industrial park and produces optical fiber components, which include optical modules used in network communication systems.

Optical Module Capabilities Huijue manufactures optical components and modules for telecommunications and network applications. The company offers:

- Fiber optic components that can be ordered individually or in bulk.
- OEM services for customized optical modules.
- Telecom cabinets and network equipment that integrate optical modules for communication infrastructure.

The company emphasizes strict quality control and operates multiple production lines capable of producing thousands of telecom units per month, ensuring reliable optical module manufacturing.

Summary While Huijue Group is primarily known for energy storage and photovoltaic solutions, it does provide optical modules and related fiber optic components as part of its communication equipment offerings. This makes it a legitimate provider of optical modules for both domestic and international markets.
