

Installation price of alarm box and distribution box

Overview

Typical project average: \$900 Enter your ZIP code to connect with vetted home security and alarm installation professionals for free and compare prices before you hire. Understanding distribution box cost involves examining the comprehensive investment required for electrical distribution systems that serve as crucial infrastructure components in residential, commercial, and industrial settings. The distribution box cost encompasses not only the initial purchase. In May 2026 the estimated national average cost to Install a Home Alarm starts at \$607 - \$1,141 per system. Use our Cost Calculator for cost estimate examples customized to the location, size and options of your project. Set Project Zip Code Enter the Zip Code. New panel box pricing typically ranges from about \$150 to \$1,900 for parts and labor, with most residential projects landing between \$450 and \$1,500 depending on amp rating, gauge of wiring, and labor complexity. Hardwired systems require cutting into walls and electrical work, while wireless systems connect.
