

Manufacturer of OM3 optical cable

AI Overview

OM3 multimode fiber optic cables are widely available from suppliers such as Farnell UK, Mouser, Eland Cables, FS Europe, and Zion Communication, offering bulk cables, patch leads, and pre-terminated trunk solutions. Key Suppliers and Offerings Farnell UK stocks a wide range of OM3 multimode fiber optic cables from top manufacturers, including Multicomp Pro and MH Connectors. They provide fast quotes, same-day dispatch, datasheets, and technical support for both bulk and pre-terminated cables. Mouser Electronics offers OM3 fiber optic cables with detailed inventory, pricing, and datasheets, suitable for networking and data center applications. Eland Cables supplies OM3 multimode cables for indoor and outdoor installations. They provide loose tube and tight-buffered constructions, fire-resistant options, and custom solutions tailored to environmental and performance requirements. FS Europe specializes in OM3 multimode patch leads (50/125 μm) with bend-insensitive fiber design, optimized for 10G networks with ultra-low link loss. Zion Communication provides pre-terminated OM3 trunk cables for high-density data center deployments. Their solutions include MPO trunk assemblies, cassette links, and patch panel connections, designed to reduce onsite termination work and ensure consistent performance.

Considerations When Selecting OM3 Cables

Fiber Type: OM3 is a 50/125 μm multimode fiber suitable for 10G Ethernet over distances up to 300 meters. It is optimized for laser-based transmission.

Cable Construction: Choose between loose tube (for outdoor or harsh environments) and tight-buffered (for indoor installations). Fire-resistant or LSZH jackets may be required depending on installation location.

Connector Type: Common connectors include LC, SC, and MPO, with polarity and gender matching critical for system compatibility.

Pre-Terminated vs Bulk: Pre-terminated cables reduce installation time and errors, while bulk cables allow custom lengths and field termination.
