

Manufacturer of Plastic Covers for Distribution Boxes

AI Overview

Leading manufacturers of plastic covers for distribution boxes include TAKACHI, CDT, Sonderhoff, and Adelid, offering a range of IP-rated, durable, and customizable enclosures. Key Manufacturers and Offerings

1. **TAKACHI** – A global manufacturer of electronics and industrial enclosures, TAKACHI provides a wide range of plastic enclosures, junction boxes, and wall-mount cases. They offer customization services such as CNC machining, laser cutting, and overlay sheet manufacturing, suitable for small to large production runs. Their products include IP68 waterproof enclosures and DIN-rail boxes, making them suitable for both indoor and outdoor applications.
2. **Custom Design Technologies (CDT)** – Based in the UK, CDT specializes in custom plastic enclosures, covers, and housings for electronics, industrial, and electrical projects. They focus on small and medium production runs without the need for expensive tooling, allowing rapid prototyping and design changes. CDT enclosures are designed for protection against moisture, dust, and mechanical impact, with options for V-0 flame-retardancy and shock absorption.
3. **Sonderhoff** – Sonderhoff provides precision-sealed plastic distribution boxes using polyurethane or silicone foams for tight sealing. Their technology ensures protection against dust and water ingress, maintaining IP and NEMA standards. They offer solutions for both small micro-distribution housings and larger electrical boxes, suitable for outdoor use and extreme weather conditions.
4. **Adelid** – Adelid manufactures ABS plastic enclosures and modular distribution boards with plain or transparent doors. Their products are surface-mounted or flush-mounted, designed for durability and easy installation. They provide IP65-rated protection, making them suitable for public institutions and commercial installations. Transparent doors allow monitoring of installed devices, a...
