

Micro-modular data centers in Europe

Overview

The demand for Micro Modular Data Centers (MMDCs) in Europe is driven by the rapid digital transformation across various sectors, including healthcare, finance, and manufacturing. The increasing need for scalable, energy-efficient, and quick-to-deploy data infrastructure is fueling market growth. 92 USD Million in 2025 to 5665. 3% during the forecast period 2025 - 2035 The Europe modular data-center market is experiencing robust growth driven by. The Europe modular data center market in Europe is expected to reach USD 9. Market is shifting toward edge, sustainability, and rapid deployment, making it a high-growth sector for investors in. Countries such as Germany, the United Kingdom, France, the Netherlands, and the Nordic region are leading the adoption of modular data centers due to rising investments in digital infrastructure and the increasing presence of hyperscale cloud providers.

Europe Prefabricated and Modular Data Centers Market Trends, Drivers and Challenges Key Market Trends Accelerated edge-site roll-outs in urban micro-hubs and remote locations

Custom Modular Data Centers for Edge & AI | ModulEdge

White-label-ready modular data centers you can brand as your own. Configure power (5–150 kW/rack), cooling, and hardening for each deployment. We provide engineering and modular data center

Europe Modular Data Center Market: Trends, Opportunities, and

Countries such as Germany, the United Kingdom, France, the Netherlands, and the Nordic region are leading the adoption of modular data centers due to rising investments in digital

Europe Modular Data Center Market Size and Forecast 2032

The Europe Modular Data Center Market is projected to grow from USD 9,019.25 million in 2023 to an estimated USD 33,056.71 million by 2032, reflecting a robust CAGR of 16.38% from 2024 to 2032.

Europe Modular Data Center Market Size and Forecasts 2031

By 2031, modular data centers will dominate the new build market in Europe as organizations embrace on-demand, scalable digital infrastructure. The convergence of 5G, AI, and

Europe Prefabricated and Modular Data Centers Market

The Europe prefabricated and modular data centers market was valued at \$1,004.7 million in 2024 and is expected to grow at a CAGR of 15.05% and reach \$4,081.5 million by 2034

Europe Prefabricated and Modular Data Centers

The Europe prefabricated and modular data centers market was valued at \$1.00 billion in 2024 and is expected to grow at a CAGR of 15.05% and reach \$4.08

Europe Modular Data Center Market: Trends, Opportunities, and

The Europe Modular Data Center Market is experiencing strong growth as organizations increasingly adopt scalable and energy-efficient infrastructure to support digital transformation.

Europe Modular Data Center Market Trends Evolution

Germany remains the largest market for modular data centers, reflecting a strong commitment to energy efficiency and sustainability initiatives.

MarketsandMarkets

Revenue Impact Firm - MarketsandMarkets offers market research reports and quantified B2B research on 30000 high growth emerging opportunities to over

Europe Micro Mobile Data Center Market Size and Forecasts 2031

The Europe Micro Mobile Data Center Market is expanding rapidly due to rising demand for modular, portable, and decentralized computing environments. Growth of edge computing, IoT,

Europe Modular Data Center Market Report 2025-2030, by Solution ...

To define, describe, and forecast the Europe Modular Data Center market based on component, form factor, deployment type, build type, data center size, end user, and region

Europe Modular Data Center Market Size, Share

Europe's modular data centre market grows at 16.2% CAGR, rising from USD 10.33B in 2025 to USD 34.42B by 2033.

Europe Modular Data Center Market Size and Forecasts 2031

Europe Modular Data Center Market is projected to grow around USD 68.5 billion by 2031, at a CAGR of 18.3% during the forecast period.

Europe Data Center Market Size, Share & 2031 Growth

The Europe Data Center Market worth USD 58.93 billion in 2026 is growing at a CAGR of 13.07% to reach USD 108.92 billion by 2031. Amazon

Europe's Modular Data Centers Market to Quadruple by 2034 Amid

Rapid deployment, compliance with EU regulations, and advances in cooling and renewables integration are key growth factors. Dublin, May 16, 2025 (GLOBE NEWSWIRE) -- The

Europe Modular Data Center Market Size, Share

Germany dominated the European modular data center market in 2024 by occupying 26.2% of the European market share. The leading position of

Europe Micro Modular Data Center (MMDC) Market Ecosystem

The demand for Micro Modular Data Centers (MMDCs) in Europe is driven by the rapid digital transformation across various sectors, including healthcare, finance, and manufacturing.

EcoStruxure™ Modular Data Center | Schneider Electric

Transforming data center design and construction, modular data centers conquer space challenges and support quick scaling in industrial environments.

Demand for prefabricated modular and micro data

New Omdia research reveals that the market for prefabricated modular and micro data centers will reach \$11.7bn by 2027, with growth fueled

Schneider launches streamlined micro data center

Schneider Electric has launched a speedier prefabricated data center service in Europe, alongside announcing a "modernization" of its infrastructure

Europe Prefabricated and Modular Data Centers Market

Competitive Strategy: The key players in the Europe prefabricated and modular data centers market analyzed and profiled in the study include professionals with expertise in the automobile and

Europe Prefabricated and Modular Data Centers Market: Focus on Data ...

Introduction to Europe Prefabricated and Modular Data Centers Market The Europe prefabricated and modular data centers market was valued at \$1,004.7 million in 2024 and is
