

Mongolian mobile optical cable manufacturers

AI Overview

Moncable Systems, Gemnet LLC, New Optic LLC, Bodi Electronics LLC, and Mobicom Networks are key players in Mongolia's mobile optical cable industry. Moncable Systems Founded in 1996, Moncable Systems is one of Mongolia's oldest and leading companies specializing in telecommunication infrastructure, including fiber optic cable installation. They have completed over 20,000 km of telecom infrastructure across all 21 provinces of Mongolia. Moncable supplies high-quality fiber optic cables from international manufacturers such as Corning and Zhaolong, and they also distribute related equipment from brands like Hikvision, Honeywell, and Sumitomo. They have extensive experience in FTTH (Fiber To The Home) projects and mobile network expansions in collaboration with Huawei Technologies. Gemnet LLC Established in 2008, Gemnet LLC operates Mongolia's first national information communication network. They manage a 1,199 km terrestrial fiber optic network along the railway from the southern to northern borders of Mongolia. Gemnet provides high-capacity DWDM and SDH networks with 99.9% reliability, offering services such as internet wholesale, digital channel rental, and international transit. They connect with major Chinese and Russian operators, supplying approximately 85% of Mongolia's foreign internet traffic. New Optic LLC New Optic LLC has been active in Mongolia since 2004, providing fiber optic network construction, infrastructure installation, and maintenance services. They have installed over 1,500 km of fiber optic cable for high-speed DWDM and SDH systems and have participated in projects like the New Century Education Project and TETRA communication towers. They are recognized for their technical expertise and reliable subcontracting in large-scale telecommunication projects. Bodi Electronics LLC Bodi Electronics LLC contribu...
