

Power Supply Surge Protection Distribution Box Manufacturer

AI Overview

Leading manufacturers of surge-protected power distribution boxes include Norden Communication, OOHMAGE, GA&DA Electric, KT (KaiTai), and Shengen, offering industrial, commercial, and residential solutions worldwide. Key Manufacturers and Suppliers

- 1. Norden Communication** Norden produces Power Distribution Units (PDUs) with integrated surge protection, designed for cabinets and compliant with various socket standards, including UK systems. They offer customization based on customer requirements and provide global supply for industrial and commercial applications.
- 2. OOHMAGE (China)** OOHMAGE specializes in electrical distribution boxes with high-precision DC components, ensuring safety, reliability, and efficient power management. Their products are suitable for residential, commercial, and industrial systems, offering protection against short circuits and overloads.
- 3. GA&DA Electric** GA&DA focuses on Surge Protection Devices (SPDs) and distribution boxes for AC/DC systems, including photovoltaic applications. Their devices protect against voltage surges, lightning strikes, and circuit overloads, ensuring continuous and safe power supply. They follow ISO9001 standards and provide solutions for both residential and industrial facilities.
- 4. KT (KaiTai)** KT is a China-based SPD manufacturer offering OEM/ODM services for AC/DC surge protection devices. They provide modular assembly, flexible production volumes, and full customization of branding, labels, and packaging. Their products are validated for industrial-scale deployment and meet rigorous safety standards.
- 5. Shengen** Shengen manufactures power distribution boxes designed for industrial and commercial setups. They offer tailored solutions based on customer drawings and specifications, ensuring safety, efficiency, and reliable shipment management.
