

Price of 5m fiber optic cable junction box

AI Overview

The price of a fiber optic junction box suitable for a 5-meter cable typically ranges from \$15 to \$80 depending on type, material, and features. Overview of Pricing Fiber optic junction boxes vary in price based on size, material, waterproof rating, and indoor/outdoor suitability. For a 5-meter fiber optic cable, you would generally need a small to medium-sized wall-mount or outdoor junction box: Amazon offers fiber optic wall-mount boxes with LC couplers for single-mode and multimode cables, typically priced around \$20–\$50 for standard indoor models. eBay lists a variety of fiber junction boxes, with prices ranging from \$15 to \$60, depending on brand and shipping options. Alibaba and Made-in-China provide wholesale and bulk options, including IP65 waterproof boxes made from ABS/PC materials, with prices starting around \$25 and up, often depending on quantity and customization. Factors Affecting Price Material and Durability: ABS or PC plastic boxes are common; metal or reinforced boxes may cost more. Waterproof Rating: Outdoor boxes with IP65 or higher ratings are more expensive than indoor-only models. Capacity and Connectors: Boxes with multiple ports, splice trays, or LC/MPO couplers can increase the price. Supplier and Shipping: Wholesale suppliers like Alibaba may offer lower per-unit prices for bulk orders, while retail platforms like Amazon or eBay include shipping and convenience costs. Recommendation For a single 5-meter fiber optic cable, a standard indoor wall-mount box is sufficient and can be purchased for \$20–\$40. If you need outdoor protection or multiple cable connections, expect to pay \$50–\$80 or more. Checking multiple platforms can help find the best price and shipping options.
