

Price of Finished Electrical Switches and Distribution Boxes

Overview

Typical cost range for a complete electrical system in a new build generally spans from about \$12,000 to \$40,000 nationwide, with most projects landing in the \$18,000–\$28,000 band for a standard 2,000–2,500 square foot home. Understanding distribution box cost involves examining the comprehensive investment required for electrical distribution systems that serve as crucial infrastructure components in residential, commercial, and industrial settings. For larger electrical jobs like installing wiring or replacing an electrical panel, expect to pay \$2,000 to \$6,000. Get free. Looking for Wholesale Prices for Legrand Products?
