

# Price of Mesh Cable Tray Wall Mounting Bracket

## AI Overview

Mesh cable tray wall mounting brackets typically range from \$10 to \$40 per bracket, depending on type, size, and material.

**Pricing Examples**

- T-Shaped Wall Brackets:** Zonon offers a 4-piece set of T-shaped zinc-plated brackets for wire mesh trays, designed for corrosion resistance and easy installation. Prices for similar sets on Amazon are around \$20–\$25 per 4-pack.
- L-Shaped Wall Brackets:** Tripp Lite's L-shaped brackets for 150–300 mm wide wire mesh trays are sold individually, with prices typically around \$15–\$30 per bracket depending on vendor and quantity.
- Triangle Wall Brackets:** NavePoint's electro zinc-plated triangle wall brackets, suitable for industrial and commercial use, are sold in 2-packs for approximately \$20–\$25.

**Factors Affecting Price**

- Material and Coating:** Galvanized or zinc-plated brackets resist corrosion and generally cost more than plain steel.
- Bracket Design:** T-shaped, L-shaped, and triangle designs vary in load capacity and support, influencing price.
- Quantity and Packaging:** Multi-packs reduce per-unit cost, while single brackets may be slightly more expensive per piece.
- Vendor and Shipping:** Prices vary between suppliers like Amazon, McMaster-Carr, and specialized distributors such as Ekabel, with some offering same-day shipping.

**Summary**

For most standard wall-mounted mesh cable tray brackets, expect to pay between \$10 and \$40 per bracket, with multi-packs offering better value. T-shaped and triangle brackets are often sold in packs, while L-shaped brackets are commonly sold individually. Material quality, corrosion resistance, and bracket design are key factors influencing the price and suitability for your installation.
