

Price of cable tray fixed cable crossarm

AI Overview

Cable tray crossarm fixed cable systems range from approximately \$0.80 to \$76 per unit depending on material, size, and supplier. Price Overview B2C Retail Prices: Individual cable tray crossarm units are typically priced between \$15 and \$34, suitable for small-scale or residential applications. B2B Wholesale Prices: Bulk orders on platforms like Alibaba or direct from manufacturers can range from \$0.80 to over \$76 per unit, depending on material (galvanized steel, stainless steel, aluminum, or FRP), size, and customization. Specialized Fixed Crossarms: For ADSS cable storage and fixed crossarm systems, prices vary based on loop diameter and pole compatibility. For example, FIBERLIGN® fixed crossarms support a 33" loop diameter and are designed for wood, metal, or lattice towers. Factors Affecting Price Material: Galvanized, hot-dipped galvanized, stainless steel, aluminum, and glass fiber reinforced plastic (FRP) have different costs, with stainless steel and FRP generally being more expensive. Size and Load Capacity: Larger crossarms or those supporting heavier cable loads command higher prices. Customization: Custom-shaped cable trays or crossarms tailored to specific projects increase cost. Supplier and Location: Prices vary by manufacturer and shipping logistics. Chinese manufacturers often offer lower wholesale prices due to high production capacity. Installation Features: Pre-drilled, no-drill clamp systems, or modular designs may affect pricing. Purchasing Tips Bulk Orders: For industrial projects, purchasing in bulk from B2B suppliers can significantly reduce per-unit cost. Material Selection: Choose materials based on environmental conditions (e.g., corrosion resistance for outdoor installations). Supplier Verification: Ensure suppliers provide quality certifications and comply with safety standards. For detailed quotes, it is recommended to contact suppliers directly, such as TONGZHOU Machinery Factory for customized cable trays and crossarms, or check online marketplaces like Alibaba for bulk pricing.
