

Price of cable tray hanger rings and brackets

AI Overview

Cable tray hanger rings and brackets typically range from £5 to £25 per piece, depending on size, type, and material.

Typical Price Ranges

- Stand-Off Brackets:** Used to mount cable trays with clearance from walls or surfaces. Prices generally range from £5 to £15 for sizes between 50mm and 300mm, made from pre-galvanized or hot-dipped galvanized steel.
- Hanger Support Brackets:** Designed for overhead support of cable trays, trunking, or baskets. Sizes like 100mm, 150mm, and 225mm are available, with prices typically £10 to £20 per bracket depending on width and material.
- Trapeze Support Brackets:** Pre-assembled for quick installation, supporting various tray widths and drop lengths. These are usually £15 to £25 per unit, constructed from durable steel or stainless steel for corrosion resistance.
- Hanger Rings:** Often used in conjunction with threaded rods or ceiling mounts to suspend cable trays. Prices vary based on diameter and material, generally £5 to £12 each.

Material and Finish Considerations

- Pre-Galvanized Steel (PG):** Economical, suitable for indoor use, moderate corrosion resistance.
- Hot-Dipped Galvanized Steel (HDG):** Higher corrosion resistance, ideal for outdoor or industrial environments.
- Stainless Steel (A316/A4):** Premium option for highly corrosive environments, such as coastal or chemical plants.

Additional Notes

- Prices may vary depending on supplier, quantity, and bulk discounts.
- Accessories are compatible with standard cable tray systems, including ladder, ventilated, and solid-bottom trays.
- Some suppliers, like RS and Fixmart, offer branded options from Legrand, Schneider Electric, and Cablofil, which may slightly increase cost due to brand premium.
- For accurate pricing, it is recommended to check supplier websites or request a quote, as prices can fluctuate based on size, material, and market conditions.
