

Price of flame-retardant cable trays in Jiedaokou

AI Overview

Flame-retardant cable trays in Jiedaokou typically range from \$15 to \$50 per meter, depending on material, size, and customization options.

Pricing Overview

The cost of flame-retardant cable trays varies based on material type, load capacity, and design. Common materials include powder-coated steel, stainless steel, aluminum, and FRP (fiber-reinforced plastic), with FRP and stainless steel generally commanding higher prices due to durability and corrosion resistance. Standard factory-direct or OEM options can reduce costs, especially for bulk orders.

Steel or aluminum trays: Approximately \$15–\$30 per meter for standard sizes.

FRP or coated trays: Around \$25–\$50 per meter, depending on fire-retardant grade and customization.

Perforated or ventilated designs: Slightly higher due to manufacturing complexity.

Bulk Orders and Discounts

Suppliers often provide volume discounts for large orders. Minimum order quantities (MOQs) may apply, typically starting from 5–10 meters for standard trays, with larger orders eligible for tiered pricing. Factory-direct sourcing or verified distributors can offer competitive pricing and faster delivery.

Customization and Delivery

Many suppliers in China, including those listed on Alibaba and Made-in-China, offer custom widths, lengths, side rail heights, and surface finishes such as anodized, hot-dip galvanized, or anti-corrosion coatings. Delivery terms (EXW, FOB, CIF) and shipping fees are negotiable, and lead times usually range from 7–15 days for standard sizes.

Recommendations for Jiedaokou Buyers

Contact multiple suppliers to compare quotes and confirm fire-retardant certifications. Specify material, load capacity, and tray type to get accurate pricing. Consider OEM or factory-direct options for cost efficiency and customization. Request sample trays if possible to verify quality before bulk purchase. By following these steps, buyers in Jiedaokou can sec...
