

Price of the junction box after hanging

Overview

If the box is metal, deeper in-wall, or requires wiring re-run, the price commonly rises to \$350-\$700. Junction box costs range from low-price indoor models (\$10-\$60) to weatherproof units (\$70-\$450), with installation averaging \$100-\$300 depending on location and materials. While the hardware is inexpensive, the total project cost is heavily influenced by. The answer to 'how much does junction box cost' is that the cost of a junction box can vary widely depending on several factors. Junction boxes are an essential electrical component used to connect and protect wiring in a home, and the cost can range from \$5 to \$100 or more depending on the size. Homeowners typically pay for a junction box installation based on box type, location, and labor. The keyword cost for this service centers on upfront materials, skilled electrical labor, and any local permit requirements. But it's not always easy to figure out how much this installation will cost.
