

Price quote for 48-core fiber optic splice box

AI Overview

The price of a 48-core optical fiber splice box ranges from approximately \$6 to \$90 per unit, depending on type, brand, and purchase volume.

Retail and Online Pricing

- Bay:** 48-core fiber optic splice closure boxes are listed around \$67 plus \$2.50 shipping for new units with 3-in/3-out ports, suitable for underground or aerial installation.
- Amazon:** Compact 48-core overhead splice enclosures are available for around \$50–\$70, featuring reinforced plastic, IP68 protection, and multiple splice layers.
- Topfiberbox:** Vertical dome 48-core closures with 3 cable ports are priced at \$11.80 per unit, with free samples available for testing.

Wholesale and Factory Pricing

- Alibaba:** Offers a wide range of 48-core splice closures, with prices starting as low as \$6–\$20 per unit, depending on type (dome, horizontal, or vertical) and minimum order quantity.
- Made-in-China (Fibconet):** 48-core IP68 waterproof dome closures are priced around \$7–\$8 per unit for bulk orders, with discounts for larger quantities.
- FiberDistributionBox:** Horizontal FOSC 48-core enclosures are available with negotiable pricing for orders of 100 units or more.

Factors Affecting Price

- Type of enclosure:** Dome, horizontal, or vertical designs influence cost. Dome types are generally cheaper, while high-end FOSC or terminal boxes with multiple trays and IP68 ratings are more expensive.
- IP rating and durability:** Outdoor-rated boxes with IP65–IP68 protection, UV resistance, and anti-corrosion materials cost more than indoor-only units.
- Quantity and MOQ:** Bulk orders significantly reduce per-unit cost, with some suppliers offering prices as low as \$6 per unit for large orders.
- Additional features:** Number of splice trays, adapter compatibility (SC/APC, SC/UPC, LC), and cable port configurations (1-in/2-out, 2-in/2-out, 3-in/3-out) affect pricing.

Summary

For a single 48-core optical fiber splice box, expect to pay \$6–\$70 depending on type a...
