

Pricing information for fireproof aluminum alloy cable trays

AI Overview

Fireproof aluminum alloy cable trays are available from multiple suppliers, with prices typically ranging from \$20 to \$150 per meter depending on type, size, and customization options. Supplier Options and Pricing

Langfang Magen Technology Co., Ltd. offers high-strength, anodized aluminum alloy cable trays suitable for various cable diameters (25mm–1000mm). Delivery time is 7–15 days, and lengths can be customized. Sample units are available but not free, with cost reductions possible on bulk orders. These trays support up to 100kg and are designed for industrial, construction, and network applications (Alibaba).

SD Xuanlin Factory provides premium aluminum alloy cable trays with fireproof properties, emphasizing lightweight, corrosion resistance, and easy installation. They offer factory inspection, 24/7 technical support, and competitive pricing for bulk orders. Customization is available for specific project requirements (Made-in-China).

Shandong Hongfeng Import and Export Co., Ltd. manufactures ladder-type fireproof aluminum alloy trays suitable for indoor and outdoor use, including high-power and large-diameter cables. Features include strong load capacity, corrosion resistance, fireproofing, and flexible installation methods. ISO 9001, SGS, and CE certifications ensure quality. Pricing varies based on tray type, size, and order volume (Made-in-China).

Accio and Alibaba Listings highlight various tray types: ladder, solid-bottom, trough, and wire mesh. Ladder trays are ideal for heavy-duty applications, solid trays protect sensitive cables, and trough trays balance protection and ventilation. Prices depend on material, size, and fireproof rating, with customization available for industrial and commercial projects.

Key Considerations for Pricing

Tray Type: Ladder, solid, or trough designs affect cost. Ladder trays are generally more economical for heavy-duty app...
