

Pricing of fiber optic cables and optical modules

AI Overview

The price of fiber optic cable per meter can vary based on several factors: Type of Fiber: Single-mode fiber (OS2) is generally less expensive than multimode fiber (OM3/OM4). Construction and Application: Different constructions and applications can lead to varying costs. Market Fluctuations: Prices can change based on market demand and supply conditions. Additional Costs: Installation and maintenance costs can also impact the overall expense. Retailer Pricing: Specific prices can be found on sites like Mouser, which lists various fiber optic cables and their prices. For precise pricing, it's best to check with suppliers or retailers directly, as they may provide updated costs based on current market conditions.
