

# Results Announcement from KLM Royal Dutch Telecom for Optical Modules

## Overview

The report indicates that high-speed datacom modules - especially 800GbE and emerging 1.6TbE designs - will remain the primary growth engine for revenue in 2026, while telecom coherent pluggables and 1.2T+ embedded optics drive a renewed multi-year bandwidth expansion. Subscribers to the Optical Components Report can download an Excel file with actual results through 3Q25 and detailed, up-to-date forecasts. Also, a live presentation is available to clients, offering an opportunity to hear details on. BOSTON (January 7, 2026) - AI-driven datacenter and transport builds will push the optical components market revenue to a record high in 2025, with datacom revenue forecast to exceed \$18 billion and coherent module revenue to reach nearly \$6 billion, according to research firm Signal AI's Optical. Here you'll find an overview of KLM's most recent publications. Here you'll find an overview of KLM's most recent publications, such as our annual reports of the last couple of years. 9% increase in turnover compared to 2024. These results demonstrate that the actions implemented under the "Back on Track" improvement program were essential to achieving stable. KLM has nominated Mathieu Essenberg as Chief Operating Officer (COO) and member of the statutory. Starting in September, seven KLM mechanics will begin training with the Dutch Royal Air. KLM has been named the winner in the "Best Cabin Service" category in Europe at the 2026. KLM was founded on. Optical Components Module Shipments Leaderboard - 1Q24 (Graphic: Business Wire) BOSTON-- (BUSINESS WIRE)-- Hyperscale network operator demand drove purchases of 400GbE and 800GbE datacom and 400ZR telecom optical modules to record levels, according to the latest Optical Components Report from.
