

Singapore cable tray wholesale prices

AI Overview

Wholesale cable tray prices in Singapore vary widely depending on material, size, and load capacity, typically ranging from SGD 20 to SGD 150 per meter for standard steel or aluminum trays.

Price Overview

Steel Cable Trays: Mild steel or galvanized steel trays are commonly used for industrial projects. Prices generally start around SGD 20–50 per meter for light-duty trays and can go up to SGD 100–150 per meter for heavy-duty or hot-dipped galvanized options.

Stainless Steel Trays: SS304, SS316, and SS316L trays are corrosion-resistant and suitable for harsh environments. Wholesale prices typically range from SGD 80–150 per meter, depending on thickness, width, and surface treatment (electro-zinc plated, powder coated, or electrolytic polished).

Aluminum Trays: Lightweight and corrosion-resistant, aluminum trays are priced around SGD 50–120 per meter, depending on size and load capacity.

Wire Mesh and Perforated Trays: These are often used for flexible cable management and ventilation. Prices vary from SGD 30–100 per meter, depending on material and mesh density.

Factors Affecting Price

Material: Stainless steel is more expensive than mild steel or aluminum due to durability and corrosion resistance.

Tray Size and Load Capacity: Wider and deeper trays with higher load ratings cost more.

Surface Treatment: Hot-dipped galvanizing, powder coating, or electro-zinc plating can increase the price.

Standards Compliance: Trays meeting IEC 61537, NEMA VE-1, or Singapore SS249 standards may carry a premium.

Bulk Orders: Suppliers often offer discounts for large quantities, with minimum order quantities (MOQ) varying by manufacturer.

Supplier Options in Singapore
