

Single-mode fiber optic converter RJ45

Overview

This kit includes a pair of media converters, SFP transceivers, and US power adapters (enclose free EU plugs), enables fast and handy integration of fiber and copper. Serve 1000Mbps gigabit bandwidth fast network speed over single-mode LC fiber, ensuring smooth data. Learn why IT Pros trust StarTech. com for performance connectivity accessories. The RJ45 side features a metal tab to ensure. Discover fiber to ethernet converters for extending your network. Cost-effective. FO media converters for Ethernet and fieldbus enable you to convert your copper interfaces to interference-free fiber optics without the need for complex surge protection, shielding, and equipotential bonding measures. Fiber optic converter with LC duplex connection (1310 nm) for 100Base-TX to. The non-managed fiber media converter is designed with a switch controller and buffer memory that connects two types segments operation smoothly.
