

Small busbar terminal MJ1-6

Overview

MJ1 series wire-type mini busbar frame, also known as panel-top mini busbar terminal or MJ1 busbar support, specially designed for secondary circuits of switchgears, ring main units and environmental protection cabinets. welcome to taobao purchase direct salles mj1 mj2 2. 5 small busbar terminal block copper rod type screen top busbar rack terminal strip, taobao hundreds of millions of hot selling goods, official logistics can send to global ten, support foreign currency payment, platform customer service 24hours. transformer terminal block small busbar electrical terminals MJ1-4 Features Equipments for production: We have Mold Injection Machine, Punch Press, Press Brake (Bending Machine),Shears, Pressure Riveting Machine, Welding Equipment, Lathe, Milling Machine, Surface Grinder, Radial Drill. Adopts wire-type wiring structure (non-copper bar type), used for centralized. The insulation parts are made of engineering plastic which has excellent insulation and mechanical strength. They can bear high temperature up to 120°C It has good conductive performance. Its voltage drops can't exceed 3. It. Still deciding?
