

South African Gigabit Optical Module Manufacturer

AI Overview

Reliable gigabit optical modules, including SFP and LC types, are available from local South African suppliers such as ComX Computers, Romtech, and Robustec Trading. Key Suppliers

1. ComX Computers ComX Computers supplies the GSFP-1310-20-SMF Dahua Gigabit Optical Module LC SFP, sourced locally in South Africa. They offer door-to-door delivery across major cities including Johannesburg, Cape Town, Pretoria, Durban, and more. The modules are sold as new with local supplier warranty, making them a convenient option for enterprise and telecom installations.
2. Romtech Romtech also stocks Dahua gigabit optical modules with transmission distances up to 20 km and speeds of 1 Gbps. Pricing is competitive, and they provide delivery services with lead times calculated from payment receipt. Discounts are available for direct EFT payments.
3. Robustec Trading While primarily a fibre optic component manufacturer, Robustec Trading offers custom fibre assemblies, patch cords, and ruggedised drop cables suitable for gigabit networks. They provide in-house testing for insertion and return loss, ensuring high signal reliability. Their products are locally manufactured, allowing for fast turnaround and tailored solutions for industrial, enterprise, and government networks.

Additional Options

Southern Elements (ShopFiber) Southern Elements provides a range of fibre optic products and may offer compatible SFP modules and networking accessories. Their online store allows for browsing and purchasing fibre solutions suitable for gigabit networks.

Considerations

Compatibility: Ensure the optical module matches your switch or router SFP port type (LC, SC, or MPO).

Distance & Speed: Check the module's maximum transmission distance and speed (commonly 1 Gbps for gigabit modules).

Warranty & Support: Local suppliers like ComX and Romtech provide Sout...
