

# South Korean electrical distribution box installation manufacturer

## AI Overview

Notable South Korean companies for electrical distribution boxes include Shinsung Industrial Electric, Legrand Korea, BOXCO, and KEPCO-affiliated suppliers. Key Companies Shinsung Industrial Electric manufactures and supplies a wide range of electrical distribution equipment, including overhead line reclosers, load break switches, ring main circuit breakers, and gas-insulated switchgear. They also produce most components in-house to ensure quality, and their products are widely used by KEPCO, Korea's main utility company. Legrand Korea offers comprehensive electrical materials, including wiring equipment, UPS systems, cable trays, and interior electrical appliances. They provide solutions suitable for residential, commercial, and industrial applications. BOXCO specializes in all-purpose electric and electronic enclosures, producing high-quality plastic and molded boxes for various electrical applications. They are recognized for their technology, quality, and customer support both domestically and internationally. KEPCO (Korea Electric Power Corporation), along with its subsidiaries like Korea Southern Power Co. and Korea East-West Power Co., operates the largest electrical distribution networks in South Korea. While primarily a utility, KEPCO collaborates with manufacturers and suppliers for distribution box installations and related infrastructure. Additional Companies and Startups Other notable companies include: Dongyang E&P – Manufactures and distributes generators and electricity conversion devices. PSTEC – Produces electric meters, auto parts, and communication devices. SGC Energy – Supplies eco-friendly energy solutions and electricity distribution services. CNCITY Energy – Provides comprehensive energy services including electricity supply. How to Find More Companies For a broader list, directories like Kompass Korea and South Korea Yello...
