

Southern European Distribution Box Housing Manufacturer

AI Overview

Key Southern European manufacturers of electrical distribution box housings include IDE Electric (Spain), LAPP with mpGamma (Italy), and Groupe Cahors (France), offering a wide range of enclosures for industrial and commercial applications. IDE Electric (Spain) IDE Electric specializes in assembled and wired bases compliant with REBT: 2002 standards. Their enclosures are made from high-durability halogen-free plastics and cover a range of 10 to 125 Amperes and 24 to 500 Volts, with protection ratings from IP44 to IP67, suitable for both indoor and outdoor applications. LAPP and mpGamma (Germany/Italy) LAPP offers a comprehensive range of over 5,000 enclosures and distribution boxes, including plastic, aluminum, and stainless steel variants. Their Italian supplier, mpGamma, provides wall-mounted and floor-standing stainless steel enclosures with high protection ratings up to IP69/IPK10, ideal for harsh environments. LAPP also provides customization and equipment options to meet specific project requirements. Groupe Cahors (France) Groupe Cahors manufactures glass-reinforced polyester (GRP) enclosures using Sheet Molding Compound (SMC) technology. These enclosures are weatherproof, non-corrosive, and resistant to UV, humidity, ozone, and mechanical shocks, with protection ratings of IP55 and IP66. Their products are suitable for electricity, telecommunications, water, gas, industrial, photovoltaic, and smart grid applications, offering long-term durability and reliability in extreme conditions. Additional Considerations When selecting a Southern European manufacturer, consider: Material: Plastic, aluminum, stainless steel, or GRP depending on environmental exposure. Protection rating: IP44-IP69 for dust and water resistance. Application: Industrial, smart grids, building automation, or outdoor installations. Customization: Ability to pre-wire, equip, or modify enclosures for speci...
