

# Southern European power distribution box manufacturers

## AI Overview

Delvalle Box is a leading European supplier of customized power distribution boxes suitable for Southern Europe, offering high-quality, durable, and fully engineered solutions. Key Suppliers

1. Delvalle Box Delvalle Box specializes in designing and manufacturing electrical enclosures and industrial electrical boxes for demanding environments. They provide fully customized solutions, including in-house engineering, high resistance materials, and compliance with international standards. Their services include consulting, engineering, and integration of all necessary components inside the cabinets. With over 50 years of experience, Delvalle Box can deliver from single prototypes to large industrial series, ensuring short lead times, certified quality, and total flexibility for projects in Southern Europe .
2. Bos Elektro BV Based in the Netherlands, Bos Elektro offers KEMA-certified distribution boxes and meter boxes for construction and industrial projects. They provide customized solutions, fast delivery, and a focus on sustainability. Their products include solid rubber distribution boxes suitable for temporary or permanent installations, and they serve international projects, which may include Southern Europe .
3. Vello Elektro BV Vello Elektro provides robust and durable portable power distribution boxes designed for tough environments. Their product range includes heavy-duty models like the Rock and compact stackable models like the BOXY, suitable for construction and industrial applications. Vello Elektro emphasizes quality, safety, and functionality, and their products can be adapted to specific project requirements .
4. Elektron Berlin (ELKRAFT®) Although based in Germany, Elektron Berlin offers customizable power distribution systems for construction sites and industrial applications. Their ELKRAFT® line includes rubber distributors, wall distributors, and site power cabine...
