

Spain Data Center EMS 50kWh Solution

Overview

This 50kW/50kWh battery system includes ten LiFePO₄ modules, a 50kW inverter, and a smart EMS/BMS, all housed in a compact IP54 cabinet. It delivers reliable storage for peak load shaving, solar optimization, or backup support. Madrid, Spain - November 12, 2025 - Solis, one of the world's Top 3 inverter manufacturers, today announced the launch of EverCore — the company's first all-in-one commercial and industrial (C&I) energy storage system. The EverCore range debuts with two flagship configurations: a 100/120 kWh system. Data Centers in Spain - List of Colocation and Cloud data facilities in Spain. Get Quotes and find Specs, Photos, Videos etc. Spain's colocation market has experienced significant growth in recent years, driven by the increasing demand for cloud computing, big data analytics, and digital transformation initiatives. Browse and compare facilities by power capacity, connectivity, and pricing on OCOLO.
