

Steel Channel Cable Tray Production in the UAE

AI Overview

The UAE hosts several leading manufacturers of steel channel cable trays, including Ruwais Steel, Unigroup, and Metar, offering high-quality, ISO-certified products for industrial, commercial, and infrastructure projects.

Key Manufacturers and Capabilities

Ruwais Steel is a major producer of structural steel products and cable trays in the UAE, with facilities in Al Ain, Abu Dhabi. They manufacture a wide range of cable trays including ladder trays, trunking trays, wire mesh trays, stainless steel, powder-coated, galvanized, and hot-dip galvanized options. Their production emphasizes ISO 9001:2008 quality standards, tensile strength, dimensional accuracy, and durability suitable for harsh UAE weather conditions. Ruwais Steel also provides customized cable tray solutions for industrial and commercial projects.

Unigroup manufactures cable trays, channels, and trunking systems in Dubai, Abu Dhabi, and Sharjah. Their products include perforated trays, ladder trays, wire mesh trays, GRP systems, and strut channels. They focus on load-bearing capacity, corrosion resistance, fire safety, and ease of installation, offering both standard and custom sizes with finishes like GI, pre-galvanized, hot-dip galvanized, SS304/SS316L, and epoxy powder coating.

Metar is an independent manufacturer in Dubai supplying steel cable trays for construction, infrastructure, and industrial sectors. They produce pre-galvanized, hot-dip galvanized, and powder-coated trays with customizable widths, side rail heights, and material thicknesses. Metar emphasizes structural stability, corrosion protection, and compliance with international load and safety standards, supporting large-scale projects with bulk production and technical documentation.

Product Range

UAE manufacturers produce a comprehensive range of cable tray systems:
