

Swedish fiber optic grating manufacturer

Overview

Spectrogon develops and manufactures Optical Filters, other Thin Film Coatings and Holographic Gratings, for various applications and industries. The headquarters and production are in Stockholm, Sweden. 2 Optical Grating manufacturers listed. You can narrow down the list of manufacturers based on their location and capabilities, browse their product catalogs, view their profiles, and send inquiries. Our core expertise lies in Fiber Bragg Grating (FBG) technology, dispersion management, and. Proximion is a global leader in fiber-optic and photonic technology, specializing in high-precision solutions for telecommunications, sensing, and scientific applications. Our mission is to harness the properties of light to deliver information, insight, and control with absolute reliability and. NORIA is a Plug & Play manufacturing system designed for producing Fiber Bragg Gratings (FBGs).
