

Swiss manufacturer of mesh cable trays

AI Overview

Key manufacturers of Swiss mesh cable trays include Wibe Group (Defem), InduPart AG, VALDINOX, and LANZ AG. Wibe Group (Defem) produces a range of cable management solutions, including Defem mesh trays, which are designed for power, data, and control cables. Their trays are lightweight, corrosion-resistant, and flexible, suitable for commercial buildings, IT centers, food production, tunnels, and offshore applications. The Defem system also features CLX 3 click-installation, enabling faster and modular installation, and is certified for fire resistance and offshore use. InduPart AG is a Swiss company providing customized cable management solutions, including cable ducts, wire ducts, and enclosures. While primarily a trading and service company, they offer custom production and assembly of cable trays and related components, supporting complex installations with technical consulting and project-specific solutions. VALDINOX specializes in wire mesh cable trays and accessories, offering high production capacity and custom solutions. Their EASYCONNECT® system integrates a unique fixing system that reduces installation time and enhances strength and safety. VALDINOX focuses on robust, versatile, and precise manufacturing, suitable for demanding industrial and commercial environments. LANZ AG manufactures mesh trays and flat grids in steel or stainless steel, with halogen-free polyethylene coatings. Their trays comply with IEC 60754-1 / EN 50267-2-1 standards and are available in multiple widths. LANZ trays are designed for quick, clean installation on ceilings, walls, and raised floors, supporting energy, data, and control cables in industrial, commercial, and residential settings. These manufacturers provide a range of standard and custom mesh cable tray solutions suitable for Swiss and international projects, offering features like corrosion resistance, modular installation, and compliance with safety standards.
