

Temporary main power distribution box for construction site including electricity meter

Overview

Built for outdoor job sites, this 200 Amp temporary power outlet box ensures reliable power distribution with rainproof, durable construction. Global Recycled Standard (GRS) certified products contain recycled content that has been independently verified at each stage of the supply chain, from the source to the final product and meet social, environmental, and chemical requirements. It can accommodate any combination of breaker configurations that can fit in 8 spaces and it can power up to 200 amps. Sorry for the delay and hope that helps. That is why E-abel designs temporary distribution boxes as complete outdoor power systems, not just painted. PREMIUM CONSTRUCTION POWER DISTRIBUTION BOX: Crafted by WESTERN, the 6506TLSX Temp power box features a durable blend material for long-lasting performance in demanding environments.
