

UAE Complete Electrical Distribution Box Industry

AI Overview

The UAE electrical distribution box industry is robust, featuring a wide range of manufacturers and suppliers providing low, medium, and high voltage distribution solutions for industrial, commercial, and infrastructure applications.

Key Manufacturers and Suppliers

The UAE hosts numerous prominent companies in the electrical distribution sector:

- Kesher Automation:** Specializes in industrial distribution boxes with CPRI approval, offering overload and fault protection, real-time monitoring, and customizable configurations for industrial and commercial setups.
- BlueDot Trading LLC:** Provides distribution boards (DB Panels) with surge, ground fault, and arc fault protection, tailored for buildings and facilities of varying scales.
- M-Tech International:** Focuses on oil-immersed and dry-type distribution transformers, medium and low voltage switchgear, and turnkey electrical solutions.
- ADC Energy Systems:** Offers power management equipment, battery storage, UPS systems, and standalone substation solutions, supporting renewable energy integration.
- EMC Electromechanical Co. LLC:** Designs and implements distribution substations up to 33kV, including HV cable installation and maintenance.
- Ranya Contracting Establishment (RCE):** Executes low, medium, and high voltage overhead and underground lines, including 132/22kV and 400kV projects.
- Powertech Switchgear Industries:** Provides LV panels, automatic transfer switches, and turnkey solutions for high-profile projects.
- Technical Solutions to Industry FZE (TSI):** Supplies compact and mobile substations, medium and low voltage switchgear, and transformers with site service support.
- Powerserv Trading LLC:** Distributor of medium and high voltage electrical products for construction, renewable energy, and infrastructure projects.
- EPS Electric Power Synergies LLC:** Specializes in installation, testing, and commissioning.
